

ESA BIC LIFTOFF CHALLENGE

ESA BIC Czech Republic is looking for university students and young innovators with innovative space ideas – apps, data, satellites, sensors!

Step 1: Register

**Step 2: Shape your idea
into Lean Canvas**

Submit by: June 30, 2025

No need to be a rocket scientist. Just bring a clever idea and the passion to develop it.

Selected projects move on to the next round, with **expert mentoring, workshops, and a chance to win 60 000 CZK and pitch live** at the ESA BIC Launchpad during Czech Space Week 2025.

Launch your space idea!
